Rationale

Chiltern Way Academy (CWA) is committed to taking an active role in the elimination of all forms of bullying and harassment.

All members of the Academy community are entitled to receive their education free from humiliation, oppression, harassment and abuse. Bullying affects everyone; not just the bullies and victims. It also affects other students who may witness violence, intimidation and the distress of the victim.

It is everyone's responsibility to prevent bullying. This policy contains guidelines to support this ethos.

'We are all in this together'

Aims:

- Students have a right to learn free from intimidation and fear.
- The needs of the victim are paramount.
- The Academy will not tolerate bullying behaviour.
- Bullied students will be listened to.
- Reported incidents will be taken seriously and thoroughly investigated.
- Bullies will be challenged and supported.

Definition of Bullying:

Bullying is behaviour by an individual or group, repeated over time, that intentionally hurts another individual or group either physically or emotionally.

Bullying can take many forms (for instance, cyber-bullying via text messages or the internet), and is often motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, or because a child is adopted or has caring responsibilities. It might be motivated by actual differences between children, or perceived differences. Stopping violence and ensuring immediate physical safety is obviously a school's first priority but emotional bullying can be more damaging than physical; teachers and schools have to make their own judgements about each specific case. (DfE Preventing and Tackling Bullying 2014)

Forms of Bullying

- Physical violence such as hitting, pushing or spitting at another student.
- Threatening behaviour towards, or intimidation of, students.
- Interfering with another student's property, by stealing, hiding or damaging it.
- Using offensive names when addressing another student.

- Teasing or spreading rumours and lies about another student or his/her family.
- Belittling another student's abilities and achievements.
- Writing offensive notes or graffiti about another student.
- Excluding another student from a group activity.
- Ridiculing another student's appearance, way of speaking or personal mannerisms.
- Misusing technology (internet or mobiles) to hurt or humiliate another person such as filming you on their mobile and spreading it around or sending offensive, threatening or belittling messages through text, Facebook or any other social media platform.

This list is not exhaustive.

More Specific

- Homophobic bullying such as people abusing you verbally or physically because of your sexual orientation.
- Gender identity bullying.
- Racist or cultural bullying such as people abusing you verbally or physically because of the colour of your skin or because of your religious beliefs.
- Sexist bullying such as people abusing you verbally or physically because you are a member of the opposite sex.

This list is not exhaustive.

Some forms of bullying are illegal and should be reported to the police. These include:

- Violence or assault.
- Theft.
- Repeated harassment or intimidation, for example, name calling, threats and abusive phone calls, emails or text messages.
- Hate crimes.

Anyone can be bullied. Sometimes people pick on something that makes you different to everyone else or if you wear different clothes. Sometimes there is no particular reason at all for someone to bully you. Sometimes the bullying is a one-off. Other times, someone can bully someone else for a long period of time.

Potential Warning Signs of Bullying:

- Unexplainable injuries.
- Lost or destroyed clothing, books, electronics, or jewellery.
- Frequent headaches or stomach aches, feeling sick or faking illness.
- Changes in eating habits; suddenly skipping meals or binge eating. Children may come home from school hungry because they did not eat lunch.
- Difficulty sleeping or frequent nightmares.
- Declining grades, loss of interest in schoolwork, or not wanting to go to school.
- Sudden loss of friends or avoidance of social situations.
- Feelings of helplessness or decreased self esteem.

- Self-destructive behaviours such as: running away from home; harming themselves; or talking about suicide.
- Bullying others.
- Secretive.
- Not attending school.

This list is not exhaustive.

Responsibilities of Stakeholders

- Emphasise the importance of telling a teacher about bullying when it happens.
