

# MEET THE TEACHER

Dear Parents and Carers,

I want to extend to you and your child my warmest welcome into our classroom this year. My name is Pam Anderson and I will be one of your child's classroom teachers. I am excited to be a part of the Chiltern Way Academy community.

I graduated many years ago in Durban, South Africa and then decided to explore the world, which landed me in England. Since I arrived here, I have taught in mainstream schools and in schools which support learners with Autism and other special educational needs. I hold a Bachelor of Education and have studied through Birmingham University to achieve a Diploma in Autism.

I believe all learners have the right to feel safe and comfortable in their learning environment and that mutual respect, trust and communication are keys to achieving this. We are all stakeholders to ensure a happy setting in which to work to our full potential. Challenging each other to learn new things is vital for our development, and learning to work together despite differences is vital. Most importantly, we need to have fun and feel relaxed, supported and valued for our individuality.

I am a huge believer in keeping the lines of communication open, so please feel free to email me at any time at .

Sincerely,

Pam Anderson  
Chiltern Way Academy
